JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

FOREIGN AND INSULAR.

CURRENT QUARANTINE MEASURES.

[From the Veröffentlichungen des Kaiserlichen Gesundheitsamtes, Berlin, September 25 and October 2, 1907.]

CHOLERA.

AUSTRIA.—September 11. Circular of August 12, 1904, put in force at Trieste against arrivals from Black Sea ports.

JAPAN.—August 30. Five days' quarantine at Japanese ports against Shanghai.

NORWAY.—September 11. The Russian governments of Jaroslaw, Moscow, Kostroma, Vladimir, Nizhni-Novgorod, Kasan, Simbirsk, Perm, Stavropol, and Baku declared infected. Quarantine station at Odderen.

PLAGUE.

BRITISH EAST INDIES.—August 26. Port of Verawal declared infected.

CHINA.—August 1. Quarantine measures declared at Mukden against Amoy. August 7. The German consul at Chefoo ordered sanitary police control against arrivals from Yokohama.

PRUSSIA.—Measures to prevent the introduction of cholera from Russia:

1. The lord lieutenant of Danzig named as State commissioner for combating cholera in the Vistula district.
2. Sanitary inspection of river craft on the Vistula established (a) at Schillno, Schulitz, and Einlage; (b) at Pogocelice and Posen on the Warthe.
3. Obligatory inspection of corpses ordered for the districts of the Vistula, the Memsel, the Brahe, the Bromberg Canal, the Netze, and the Warthe.
4. Control stations and rigorous inspection of emigrants ordered on the Russian frontier.

Bacteriological examination ordered for every suspect cholera case.

SWEDEN.—September 10. San Francisco declared plague infected.

SIAM.—Quarantine against arrivals from Saigon suspended. Vessels arriving from Saigon are no longer required to repair to the quarantine station at Koh Phra.

BRAZIL.

Report from Rio de Janeiro—Inspection of vessels—Plague, smallpox, and yellow fever.

Acting Assistant Surgeon Stewart reports, October 12:

Week ended September 1. The following-named vessels were inspected by me and were granted bills of health from this consulate-general: August 27, the Brazilian steamship *Goyaz*, for New York,
